They have both evolved to run very fast in relations to one another, one to pursue, one to escape. In fact, Dawkins -who is notorious for his criticism of religion- goes on and lists a number of British bishops and public figures who call for teaching of evolution in publicly-funded schools.

Abibliographyworthyoftheauthor. It's unfocussed, not particularly well organized, and it lacks the ferocious punch of amateur youtubers like Thunderf00t and Aronra whose video series 'The Foundational Falsehoods of Creationism' is balls-out awesome. No reputable scientist disputes it, and no unbiased reader will close the book doubting it.
