Implants Special: The influence of the regulation on health and nutrition claims on the law on food advertising, on product development work in food enterprises, on the advertising industry, foodstuff monitoring and on nutrition science, cannot be overestimated.

The REACH Regulation requires data sharing among registrants of the same substances.
The past 12 months have been full of surprising twists and turns in the evolution of the concept of State aid and in the conditions under which aid is compatible with the internal market. In the third year of its existence, participants contributed a remarkable number of excellent contributions, necessitating publication in two separate volumes. The legally required cooperation of competitors does not work without rule.
