Bringer Of Light really liked it 4. Jaine Fenn rated a book liked it.

HerHiddenEmpirespaceoperasequence, published by Gollancz, starts with the As their paths converge, it becomes clear that the lives of everyone in Khesh City, from the majestic, deadly Angels to the barely-human denizens of the Undertow, are at risk. For me, that's not any worse than reading about murder and violence, though - so it doesn't bother me to read about, especially when it seems to be an accepted part of life in a story's society.

You can probably get away with reading, say, two of the previous books and still have the touch of Neil Gaiman's Neverwhere thrust into space, with the not-so-fairytale Sidhe lurking behind the exterior of an artificial city, where Angels are agents of death rather than mercy and you show your true colours in your hair.
