In addition to these writing systems, certain derivatives of the Aramaic alphabet were used in ancient times by particular groups: Each member of a certain pair is written with the same letter of the alphabet in most writing systems that is, p and f are written with the same letter and are near allophones. By using this site, you agree to the Terms of Use and Privacy Policy. This might be one factor that led to differing collections of Daniel in the Greek Septuagint and the Masoretic Text which presents a lightly Hebrew -influenced Aramaic. The most important epigraphic sources for the dialect are the hundreds of incantation bowls written in Jewish Babylonian Aramaic. It is most commonly identified with the language of the Babylonian Talmud which

are inscriptions that evidence the earliest use of the language, dating from the 10th century BC.
