In his unique informative and engaging style, Serwatka presents his case providing us with an intelligently written review of the research that's being used by both conservative and liberal voices, adding personal stories to help us understand how these facts affect our daily life decisions.

How do we interpret and use sacred scriptures to control behavior and set public policy?

While there is not much new in the book, the author organizes and reviews some of the user-friendly book will help us understand the issues from various perspectives why we are fighting over the origins of homosexuality, how we have both accepted and rejected gay men, lesbians:
