Das Land Israel in der Sicht der Septuaginta. Imperial Ideology and Policy in the Fourth Century, in: On the Iconography of the Orientation of Political-Administrative Behaviour, This article begins by considering portraits of cardinals dating from the 15th and early 16th century. In practice, things are quite different, especially when governors have striven to create a new territorial State. SComS11 1, pp. Far from being a factor of progress and civilisation, the new territorial State appeared to have choked the democratic life inside of the liberi comuni without being able to build a single, strong national monarchy. Contrary to this situation in German South-West Africa colonial rule was relatively weak during the first two decades because of the autonomous position of the African authorities and their right to self-government.
