The ten-year-old Alice was so entranced that she begged him to write it down for her. The Hatter shook his head mournfully. The book is commonly referred to by the abbreviated title Alice in Wonderland which has been popularised by the numerous stage, film and television adaptations of the story produced over the years. The hedgehog was engaged in a fight with another hedgehog, which seemed to Alice an excellent opportunity for croqueting one of them with the other:

They all made a rush at Alice the moment she appeared; but she ran off as hard as she could. She becomes insulted and tired of being bombarded with riddles and she leaves claiming that it was the stupidest tea party that she had ever been to.
