He lays out the relevance of these aspects of Smith's thought to specific themes in the Wealth of Nations arguing, among other things, that Smith regards social science as an extension of common sense rather than as a discipline to be approached mathematically, that he has moral as well as pragmatic reasons for approving of capitalism, and that he has an unusually strong belief in human equality that leads him to anticipate, if not quite endorse, the modern doctrine of distributive justice. A Philosophical Companion 3.

Yutakamarked it to read Sep 12, David added it Apr 24, Fleischacker is traveling well-trodden ground here, and for the most part there is little that is new in these sections. Adam Smith's Moral Philosophy.

He lays out the relevance of these aspects of Smith's thought to specific themes in the Wealth of Nations arguing, among other things, that Smith regards social science as an extension of common sense rather than as a discipline to be approached mathematically, that he has moral as well as pragmatic reasons for approving of capitalism, and that he has an unusually strong belief in human equality that leads him to anticipate, if not quite endorse, the modern doctrine of distributive justice.
