However, this book in particular just feels outrageously phoned in. This book is a continuation of the Original Vampirates book. Connor is perfectly happy, and wishes to stay in the academy, while Grace is driven to madness as to jump off of a cliff to find This book is a continuation of the Original Vampirates book.

Having researched it, peaches and pomegranates do ripen at the same time in Australia. It has romance and love, and action and adventure. Connor is aboard The Diablo and he has seen his best friend Jez get killed in a duel. I didn't enjoy the 2nd book as much as I did the first. I didn't think it was necessary, but then I remembered that Connor is only four years old. Interesting ideas about vampire life.
