Simple, but not bland- yummy. Next time will just start out with more liquids and I won't have to check on it in the night.

It was nice to find a book on slow cooking for vegetarians when so many slow cookers. There are a few recipes would take some creativity to turn vegan but they can be. Good variety of ethnic dishes. Unfortunately, they all involve cooking parts of the dish outside of the slow cooker. For me, I'm good with a knife. These recipes are just way too labor intensive for me and would not work for me at all. Product details Paperback Publisher:
